Dream Big Dave McGillivray,Nancy Feehrer,2018-03-01 Have you ever had a dream? How did you make that dream come true? Dave McGillivray is a world-renowned athlete, entrepreneur, captivating motivational speaker, and philanthropist. He’s also the director of the Boston Marathon, the world’s oldest and maybe most famous annual race! But he wasn’t always so accomplished. In Dream Big: A True Story of Courage and Determination, his nonfiction picture book for readers ages 6 to 10, Dave shares his unique, true story about reaching deep and showing extreme determination in the face of doubt, disappointment, and loss. In Dream Big: A True Story of Courage and Determination, Dave is a small kid who wants more than anything to be a professional athlete. But there’s one problem. You have to be tall to play basketball. You have to be big to play football. And Dave? He’s little, but his dreams are BIG. He turns to running, because you don’t have to be big to be a marathon runner! But you do need to train. And Dave doesn’t do much training before he crosses his first starting line of the Boston Marathon. Which is probably why he doesn’t quite cross the finish line on his first attempt at the famous race. But his Grandpa believes in him, and that’s enough to make Dave train hard for the next Boston Marathon. But will his Grandpa be there to see him succeed? Kids and grownups alike will be inspired by Dave’s story of passion, determination, and grit. Nomad Press’s first foray into the genre of nonfiction picture books, Dream Big delivers on all the promise you’d expect from a vibrant, real-life character paired with an award-winning fine artist. Together, Dave McGillivray and Ron Himler create a story that is heartwarming, inspiring, and beautifully presented.

A brilliant student, he struggled through extreme hardships, and achieved laurels by winning a scholarship to fund his post-graduate degree in geology in Canada. "This book chronicles the journey of an extraordinary Indian who has the courage to be ordinary. I went to his village and came away humbled. Dr Misra turned his back on what the affluent West had to offer him, and returned to his country to serve the people of rural India. His is an underdog story of a young scientist from an Indian village whose credit as a discoverer was snatched by his Western colleagues. who had to honour him decades later. This book is a must read for every Indian." - Mahesh Bhatt, Filmmaker S.B. Misra became a star in the scientific community when he discovered 565-million-year-old fossils that were the oldest records of multicellular life on earth. However, he pondered over the long walk to school each day, which thousands of children were still making in his rural backyard. Abandoning a promising world of fame and recognition, he returned to India to realize his dream - a dream of education for young children in his village. This is an inspiring story of an ordinary Indian in rural India, where class barriers and gender discrimination still exist. In this honest, inspiring and relatable memoir, newly-minted superhero Simu Liu chronicles his family's journey from China to the bright lights of Hollywood with razor-sharp wit and humor. Simu's parents left him in the care of his grandparents, then brought him to Canada when he was four. Life as a Canuck, however, is not all that it was cracked up to be; Simu's new guardians lack the gentle touch of his grandparents, resulting in harsh words and hurt feelings. His parents, on the other hand, find their new son emotionally distant and difficult to relate to - although they are related by blood, they are separated by culture, language, and values. As Simu grows up, he plays the part of the pious child flawlessly - he gets straight A's, crushes national math competitions and makes his parents proud. But as time passes, he grows increasingly disillusioned with the path that has been laid out for him. Less than a year out of college, at the tender age of 22, his life hits rock bottom when he is laid off from his first job as an accountant. Left to his own devices, and with nothing left to lose, Simu embarks on a journey that will take him far outside of his comfort zone into the world of show business. Through a swath of rejection and comical mishaps, Simu's determination to carve out a path for himself leads him to not only succeed as an actor, but also to open the door to reconciling with his parents. We Were Dreamers is more than a celebrity memoir - it's a story about growing up between cultures, finding your family, and becoming the master of your own extraordinary circumstance.

Rudy became the inspiration for millions when a Hollywood film depicting his journey as a Notre Dame football player became one of the most influential sports movies ever made. In Daniel Rudy Ruettiger's only autobiography, go behind the scenes to experience the heartache, triumph, and glory through Rudy's own eyes, and learn details of the ten years it took to get the movie made. For the first time, the real Rudy shares his story of floundering through school with undiagnosed dyslexia and finding himself mixed up with a rough and rowdy crowd. Football was my salvation in high school, Rudy believes, and while he dreamed of playing for Notre Dame, he never believed he was smart enough to make it to the elite group of higher education. A poignant and high-energy storyteller, Rudy details failures and pitfalls along the way. He explains the persistence and determination it took to get accepted to Notre Dame, to suit up and play for twenty-seven glorious seconds, and to see the dream of his movie become a reality. Rudy is truly a real-life testament to the old adage that it is not how many times you get knocked down, but how many times you get up again. He will motivate you to discover your own dreams and to them with unrelenting faith that anything is possible.

Niloofar Rahmani, Adam Sikes, 2021-07-06

—Pamela Constable, author of Playing with Fire and former Kabul and Islamabad bureau chief for the Washington Post

The true story of Niloofar Rahmani and her determination to become Afghanistan's first female air force pilot—as seen on Anderson Cooper and ABC News In 2010, for the first time since the Soviets, Afghanistan allowed women to join the armed forces, and Rahmani entered Afghanistan's military academy. Rahmani had to break through social barriers to demonstrate confidence, leadership, and decisiveness—essential qualities for a pilot. She performed the first solo flight of her class—ahead of all her male classmates—and in 2013 became Afghanistan's first female fixed-wing air force pilot. The US State Department honored Rahmani with the International Women of Courage Award and brought her to the United States to meet Michelle Obama and fly with the US Navy's Blue Angels. **The Running Dream** Wendelin Van Draanen, 2012-01-10 When Jessica is told she’ll never run again, she puts herself back together—and learns to dream bigger than ever before. The acclaimed author of Flipped delivers a powerful and healing story. Jessica thinks her life is over when she loses a leg in a car accident. She’s not comforted by the news that she’ll be able to walk with the help of a prosthetic leg. Who cares about walking when you live to run? As she struggles to cope, Jessica feels that she’s both in the spotlight and invisible. People who don’t know what to say act like she’s not there. Jessica’s embarrassed to realize that she’s done the same to a girl with CP named Rosa. A girl who is going to tutor her through all the math she’s missed. A girl who sees right into the heart of her. With the support of family, friends, a coach, and her track teammates, Jessica may actually be able to run again. But that’s not enough for her now. She doesn’t just want to cross finish lines herself—she wants to take Rosa with her. “Inspirational. The pace of Van Draanen’s prose matches Jessica’s at her swiftest. Readers will zoom through the book just as Jessica blazes around the track. A lively and lovely story.” —Kirkus Reviews

**The Face That Changed It All** Beverly Johnson, 2017-08-29 In her revelatory and redemptive memoir, Beverly Johnson, the first African American supermodel to grace the cover of Vogue, recounts her career in her own passionate and deeply honest voice. She chronicles her childhood as a studious, and sometimes bullied, bookworm during the sixties. She left college to pursue modeling and a successful three-decade career followed. Amid glamorous tales of the hard partying of the 1970s and Hollywood during the eighties, she details her many encounters and friendships with the likes of Jackie Kennedy, Halston, Calvin Klein, Andy Warhol, Elizabeth Taylor, Michael Jackson, Eddie Murphy, Jack Nicholson, Keith Richards, and Warren Beatty. But she also reveals the demons she wrestled with—her struggles with racism, drug addiction, and an abusive marriage followed by divorce proceedings which tested her fortitude and sanity. She shares for the first time intimate details surrounding her love affair with the late tennis icon Arthur Ashe, and pays homage to her mentor, the late Naomi Sims, while lifting the veil off the complicated and often tense relationships among models. Familiar names from the catwalk, such as Pat Cleveland and Iman, illustrate how each had to fight not just the system, but each other, in order to survive. More than five hundred magazine covers later, Johnson is now a successful businesswoman, actress, women's advocate, and philanthropist. This no-holds-barred look at the lives of the rich, fabulous, and famous is also a story of failure and success in the upper echelons of the fashion world, and how Beverly Johnson emerged from her struggles smarter, happier, and stronger than ever.—Adapted from book jacket.
