Medical Insurance Made Easy Jill L. Brown, 2005-12-01 This combination textbook and workbook, explains each phase of the medical claim cycle, from the time the patient calls for an appointment until the financial transaction for the encounter is completed. Coverage includes types of insurance payers, basic coding and billing rules, and standard requirements for outpatient billing using the CMS-1500 claim form. It also emphasizes legal aspects related to each level of the medical claim cycle and the importance of the medical office employee, showing their responsibility for and impact on successful reimbursement. 3 separate chapters offer coverage of the basic concepts of medical coding. A comprehensive overview of the CMS-1500 claim form with step-by-step guidelines and illustrations thoroughly covers reimbursement issues and explains the billing process. Includes detailed information on various insurance payers and plans including Medicare, government medical plans, disability plans, private indemnity plans, and managed care. Stop & Review sections illustrate how the concepts presented in each chapter relate to real-life billing situations. Sidebars and Examples highlight key concepts and information related to the core text lesson. A companion CD-ROM contains sample patient and insurance information that readers can use to practice completing the accompanying CMS-1500 claim form, as well as a demonstration of Altapoint practice management software. Features completely updated information that reflects the many changes in the insurance industry. Contains a new chapter on UB-92 insurance billing for hospitals and outpatient facilities. Includes a new appendix, Quick Guide to HIPAA for the Physician's Office, to provide a basic overview of the important HIPAA-related information necessary on the job.

The Price We Pay Marty Makary,2019-09-10 New York Times bestseller Business Book of the Year--Association of Business Journalists From the New York Times bestselling author comes an eye-opening, urgent look at America's broken health care system--and the people who are saving it--now with a new Afterword by the author. A must-read for every American. --Steve Forbes, editor-in-chief, FORBES One in five Americans now has medical debt in collections and rising health care costs today threaten every small business in America. Dr. Makary, one of the nation's leading health care experts, travels across America and details why health care has become a bubble. Drawing from on-the-ground stories, his research, and his own experience, *The Price We Pay* paints a vivid picture of the business of medicine and its elusive money games in need of a serious shake-up. Dr. Makary shows how so much of health care spending goes to things that have nothing to do with health and what you can do about it. Dr. Makary challenges the medical establishment to remember medicine's noble heritage of caring for people when they are vulnerable. *The Price We Pay* offers a road map for everyday Americans and business leaders to get a better deal on their health care, and profiles the disruptors who are innovating medical care. The movement to restore medicine to its mission, Makary argues, is alive and well--a mission that can rebuild the public trust and save our country from the crushing cost of health care.

Workbook to Accompany Understanding Health Insurance Susan A. Brisky,Ruth M. Burke,Rowell,2005-08 The restructured chapter content of the workbook offers application-based assignments with more critical thinking components. The assignments require learners to demonstrate an understanding of the content rather than simple recall of facts. Chapter 1 provides guidelines for professional development as well as initiating a job search, with numerous resources identified. Chapters 2-17 offer an in-depth review of health insurance billing and reimbursement concepts.

Insurance Handbook for the Medical Office Marilyn Takahashi Fordney,2004 A bestseller for over 25 years, this text helps users excel at all aspects of insurance billing: submitting, tracing, appealing, and transmitting claims. Its comprehensive coverage also includes important information on diagnostic coding, procedural coding, office and insurance collection strategies, Medicare, Managed Care, and more. This edition has been reviewed by industry experts and carefully updated to reflect recent changes in the industry - including the addition of special HIPAA Compliance Alerts throughout the

book to help users comply with important governmental privacy regulations. Instructor resources are available; please contact your Elsevier sales representative for details. Icons help students identify each insurance payer with a specific color and graphic, making the learning process more effective. Emphasizes procedural (CPT and HCPCS) and diagnostic (ICD-9-CM) coding and documentation since they are the keystones to obtaining maximum reimbursement. Block-by-block teaching approach organized by payer category for the CMS-1500 claim form facilitates understanding, effective learning, and greater productivity. Detailed examples and samples of completed insurance forms help students see how knowledge is applied in the real world. Accompanying CD-ROM of practice software bound in the back of the book features the CMS-1500 claim form and 10 scored patient case studies with related insurance information to simulate real-life situations. Updated to reflect recent changes in the industry. Special sections highlight areas pertinent to HIPAA regulations.
